

PRODUCT DATASHEET

PIP Water PLUS

PRODUCT DESCRIPTION

PIP Water PLUS is a powerful probiotic concentrate for cleaning water installations. Biofilm formation is the cause of blockages, reduced performance and the development of pathogenic germs. PIP Water PLUS has an active effect on the binding matrix components of the biofilm and ensures that all pipes, pumps and reservoirs are clean and remain clean. PIP Water PLUS is a neutral product which is completely harmless. It can be applied safely in all types of water installations. PIP Water PLUS is biologically degradable, non-flammable, non-foaming and non-volatile.
